

```
farconfig.CommandSets.Command  
Sets.saveHarmonicSeries
```

```
addHarmonicSeries
```

```
graph LR; A[farconfig.CommandSets.CommandSets.saveHarmonicSeries] <--> B[addHarmonicSeries]
```

The diagram illustrates a bidirectional relationship between two code blocks. On the left, a white box with a black border contains the text `farconfig.CommandSets.CommandSets.saveHarmonicSeries`. On the right, a gray box with a black border contains the text `addHarmonicSeries`. Two blue arrows connect the boxes: one pointing from the gray box to the white box, and another pointing from the white box to the gray box.
