

checkChangedSignal

textChangedSignal

basicChangedSignal

```
graph LR; A[checkChangedSignal] --> C[basicChangedSignal]; B[textChangedSignal] --> C;
```

The diagram illustrates a relationship between three signals. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'checkChangedSignal' and the bottom box contains 'textChangedSignal'. On the right, there is a gray rectangular box with a black border containing the text 'basicChangedSignal'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'checkChangedSignal' and 'textChangedSignal' are connected to or point to 'basicChangedSignal'.
