

setMIDICATCommands

```
graph LR; A[setMIDICATCommands] --> B[selectSendDestinationAndRatio];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box, on the left, has a gray fill and a dark gray border, containing the text 'setMIDICATCommands'. A blue arrow points from the right side of this box to the left side of the second box. The second box, on the right, has a white fill and a dark gray border, containing the text 'selectSendDestinationAndRatio' on two lines.
