

nodeblocks.BaseBlock.processRank

processNode

```
graph LR; A["nodeblocks.BaseBlock.processRank"] --> B["processNode"]; B --> B;
```

The diagram illustrates a relationship between two entities. On the left, a white rectangular box with a black border contains the text "nodeblocks.BaseBlock.processRank". A straight blue arrow points from the right side of this box to a gray rectangular box on the right, which contains the text "processNode". Above the gray box, a curved blue arrow starts from its top edge and points back to its top edge, indicating a self-loop or a recursive relationship.
